

Wish to reach  
a full life

Have enough  
meaningful successes

Have stamina  
to overcome  
failures

Have many  
opportunities

Have the ability to  
generate the opportunities

~~Life should  
present many  
opportunities  
(Luck)~~

Be able to construct  
cause and effect maps

Be able to think clearly

~~Need to be born  
a genius~~

Need to overcome obstacles

Overcome the perception  
of reality as complex  
(First obstacle)

Realize that complicated  
solution are not needed

Realize much more data  
is not a prerequisite
